## SKILLS

- Html 5
- CSS 3
- Python
- DJANGO
- JS (java script)

## SOFT SKILLS

- Technically strong
- Highly motivated
- Innovative
- Service focused

## OTHERS

- ✓ Interested in:
  - Watching cricket
  - Going to gym
- ✓ Languages:
  - Urdu
  - English

## EDUCATION

- BS Computer Science (CGPA: 3+)  
Federal Urdu University of Arts Science & Technology 2020-Present
- Pre-Engineering (A, 74%)  
DJ Sindh Government Science College 2017-2019
- Matriculation (A+, 84.9%)  
Naveed pub sec school 2017

## PROJECTS

### **Project 1** (Interactive Webpage Design with JavaScript Buttons)

- Successfully designed and implemented the entire frontend of the webpage, demonstrating proficiency in HTML and JavaScript.
- Implemented interactive buttons to enhance the user experience and usability of the webpage.
- Ensured cross-browser compatibility and responsiveness for seamless user access on different devices.

### **Project 2** (Holographic 3D Interface for Person Identification)

- As part of my final year project, I collaborated with a team to propose an innovative project aimed at creating an application that utilizes holographic 3D technology for person identification. The main objective of the project is to develop an application where, upon scanning a holographic 3D interface, relevant information about a person will be displayed on the screen.

## CERTIFICATION

- Python (Jawan Pakistan)
- PCAP: Programming Essentials in Python (Cisco Networking Academy)
- Python Essentials 2 (Cisco Networking Academy)
- CSS, Bootstrap, JavaScript, Web development Course (Udemy)
- JavaScript Essentials 1 (Cisco Networking Academy)
- Building RESTful Web APIs with Django (LinkedIn)
- Advanced Django Project: Build HighTraffic Websites with Django (LinkedIn)
